Service Reach

Our service reach extends across every corner of Australia and New Zealand. Our highly scalable and dedicated team of contractors has a wealth of knowledge and experience to deliver any project on time and on budget.

Our Partners

NECA - the National Electrical and Communications Association, is the peak industry body representing the interests of the electrical and communications contracting industry across Australia. We have close to 5,000 member organisations.

Through our vendor partnerships, we have the training and certification to offer a 25 year warranty on our infrastructure installations.

Established in 1903, Siemon is an industry leader specialising in the design and manufacture of high quality, high performance IT infrastructure solutions.

Panduit's network infrastructure ensures smart, scalable, and efficient connectivity solutions across the enterprise to help you compete and succeed in a constantly evolving global marketplace infrastructure solutions.
